

Talk 1 Details

Length: 6 – 8 minutes

Topic: -- A technical topic of your choosing
-- Should be something pertinent to mathematics, statistics, or data science. Be sure to provide motivation for your topic.
-- Should be a topic you are already familiar with (e.g., you should NOT have to do much additional research/review to create the content of your talk).

Audience: Juniors and Seniors that are majoring in Math, Stat, or DSci.
(Note: your content does not need to address all three areas, but should address at least one.)

Format: PowerPoint or Pdf file

Slides Due: 11:59 pm on Monday, February 10, 2020

Challenge: Give a technical talk that is interesting and enjoyable to listen to and tells a story. Make sure your talk takes the appropriate amount of time to deliver.

Presentations: Tuesday (2/11), Wednesday (2/12), and Thursday (2/13).
